ABOUT ACE

ACE Scholarships was founded in 2000 to provide children from low-income families with equal access to quality schools. Launched in 2018, ACE Arkansas has provided nearly 1,100 scholarships to children from low-income families and partnerships with 39 private schools across the state.

At our core, ACE exists to end the generational cycle of poverty that plagues hundreds of thousands of Arkansas kids. We achieve that through providing them access to a high-quality K-12 education at private schools statewide.

The grit and success of our ACE scholars is staggering. Students routinely outperform their public-school peers on standardized assessments and achieve a **90%+ high school graduation rate** year-over-year.
